HIS VICTIM WERE SHAKING HANDS.

Policeman Mairs of the Prince-st. squad. who has been a member of the force on'y a few days, heard cries of "murder" in Hulson-st. a few minutes before I p. m. yesterday and found a man lying on the stdewalk in front of the cigar store at No. 348 Hudson-st. Two young men, who stood near, said that the man was George Jollie, the manager of the cigar store, and that he had been stabbed by James Hardie, a carpenter living in the upper part of the building. "Hardie has gone up stairs," said one youth, "and you can eatch him there." Mairs entered the building and found that Hardie had gone out of a rear door. He traced him through an aliey to Charlton-st. and there is aw him walking toward the river. As soon as the policeman called to him Hardie stopped and surrendered. He said that he was about to give himself up. When the policeman returned to Hudsonst, with his prisoner he learned that the wounded man was dead. Two other policeman carried the body to the police siation on a stretcher.

Richard H. Vermilyea, of No. 542 Broome-st. and Charles E. Neidhardt, of No. 542 Broome-st. said that the dead man was called George Jollie by his friends, but his right name was George Ammerman. He had been employed as a clerk for Mr. Geoghegan, who lived in Jersey City, and owned the cigar store. He occupied a furnished room in Dominick-st. Anamerman was standing at the hall door of the building, they said, when Hardie passed out and shook hands with him. There was no quarrel, but Ammerman suddenly fell on the sidewalk and said, "I'm stabbed." An examination of the body showed that he had been stabbed twice in the right thigh. The kuife with which the wonded were inflicted was found in Hardie's pocket. In the same pocket were \$2.39 47, two certificates for 200 shares of the Suttro Tunnel Company, and some articles of jewelry. Hardie said that he was thirty-eight years old, and unmarried. He occupied a furnished room over the cigar store, and worked every day

THE PILOTAGE BILL GRATIFYING.

THE PILOTAGE BILL GRATIFYING.

The news from Albany that the Assembly Committee on Commerce and Navigation agreed to report flavorably upon the Sandy Hook Pilotage bill, reducing fees of pilots 33 1-3 per cent, gave general satisfaction to shipping merchants and other commercial interests down-town. In the street and the Exchanges the merchants congratulated each other and expressed the general hope for the final passage of the bill. In 1865, owing to the exorbitant expense of living, the merchants and underwriters agreed to an increase of fees for the term of three years. Since then efforts have been made to reestablish the old rates of pilotage, but the pilots, to resist this, have kept two of their number constantly at Albany as lobbyists. The fees collected in 1879, 1880 and 1881 gave to each pilot an average of \$4.840 a year. For piloting a vessel drawing twenty-one feet of water inward bound, and twenty-three feet outward, the pilotage in the winter season is \$253.75 at this port, against \$67.44 at Liverpool, \$147.55 at London, \$125 at Bristol, and \$88.79 at Bremen. The merchants assert that the New-York service becasier and shorter than at Liverpool or London. It is also stated that white there has been no increase in the number of pilots since 1853, the gross annual pilotage receipts prior to 1856 were less than \$290,000, about \$300,000 in 1865, and over \$600,000 in 1879 and since, By the persistency of the pilots against reducing their rates it is asserted that other Atlantic since. By the persistency of the pilots against re-ducing their rates it is asserted that other Atlantic ports are drawing seriously upon the commerce of this port.

The pilots assert that the passage of the above bill will do the pilots and the service an irreparable injury. They assert that after paying all expenses their earnings do not exceed \$2,000 a year. DUN & CO.'S REPORTS OF FAILURES.

The business failures of the last seven days as reported to R. G. Dan & Co., number for the United States 382, and for Canada 43, a total of 425, as against 333 last week, an increase of 92. Of these failures 226 occurred in the Western and Southern against 333 last week, an increase of 92. Of these failures 226 occurred in the Western and Southern States. This is believed to be the largest number of failures reported in any one week since 1878. They are neither large nor significant in character, being composed mainly of small traders, and the number has probably been largely augmented by restricted business owing to unfavorable weather at a period when the settlements of the first lifteen days of the year were being made. Another potent cause for the increased number of failures is found in the preferences permitted in the absence of a National bankrupt law. Almost every dispatch received amouncing a failure indicates that relatives or other persons in the locality are preferred, to the detriment of creditors at the chief business centres. The reports of the prospects of trade are not as unfavorable as the unmerous failures would seem to indicate. There is an active movement in the retail trade throughout the country owing to the abundance of snow, and the deliveries of grain and other produce are large. In the lumber regions considerable activity is reported. Want of confidence seems more confined to localities affected by speculative operations, and is not so apparent in the country at large. Stocks of merchandise are small and an active demand for early spring is anticipated.

RIBBON WEAVERS ON STRIKE.

RIBBON WEAVERS ON STRIKE.

The strike of ribbon weavers in the silk mills at Paterson was begun yesterday. Of Pelgram & Meyer's employes 125 struck; of Doherty & Wadsworth's 301, and of the Adams Mills 45. There was also a large defection from the 150 or more employes of Strange's in the afternoon. All efforts by the strikers to induce Dexter, Lambert & Co.'s weavers to join them were unavailing, however, Hundreds of persons employed in other branches of the manufacture are thrown out of employment by the act of the strikers. Headed by a brass band the strikers went the rounds of the different mills. An extra force of police was kept in reserve at the station house, but they were not needed.

Public sentiment is strongly against the strikers. A number of Pelgram & Meyer's men told Mr. Pelgram that they did not want to strike, but that they felt compelled to stand by the nuions. He advised them to submit their demands for arbitration to the organization known as the United Silk Ribbon Manufacturers of America. This they promised to do.

FROM BROOKLYN TO CALIFORNIA.

The Rev. Arthur Crosby, who has been one of the two pastors of the Second Presbyterian Church, at Clinton and Remsen sts., Brooklyn, since his church and that of the Rev. Dr H. J. Van Dyke united, about a year ago, has resigned to take the pulpit of the Second Presbyterian Church of San Rafael, near San Francisco. Mr. Crosby, who is a nephew of the Rev. Dr. Howard Crosby, has been settled in Brooklyn for ten years. He was one of that two prosecuting elergymen in the trial of the Rev. T. Dewitt Talmage upon charges of falsehood and deceit. His only reason for leaving Brooklyn is that the Second Courch is not large enough for two pastors, and Dr. Van Dyke, with whom he has been associated, is still hale and hearty, despite the fact that he has preached in Brooklyn for thirty-one years. Mr. Crosby has desired to go to Califorina Since 1876.

"What did you do with the other hve?" asked a friend.

Imaginemy surprise when I felt in the pocket and found my union card, which I thought I had lost."

THE PEDESTAL LOAN EXHIBITION. THE NET RECEIPTS \$13,792 51-PROTESTING AGAINST TWO DAYS' RENT,

AGAINST TWO DAYS' BENT.

A meeting of the Finance Committee of the Pedestal Fund Art Loau Exhibition was held at the offices in Twenty third-st, yesterday afternoon. R. Swain Gifford was in the chair, and among others F. Hopkinson Smith, A. W. Drake, Montague Marks, Mr. Burton N. Harrison, Mrs. G. L. Rives, N. Sarony, T. Carroll Beckwith, J. B. Townsend, Joseph B. Gilder and James Beard were present. A report was read, stating that the gross receipts had been \$29,448 44, and the gross expenses \$15,655 93, making the net profits \$13,792,51. A vote of thanks to Mr. Smith for his services as art director was unanimously passed. Mr. Smith made a statement to the effect that the Academy Council had charged rent for December 31 and January 1, on which days the exhibition was open to the public. As these two days were included in the time allowed for removing the exhibits, such action was, in Mr. Smith's opinion, uncalled for. As the council had a legal technicality, however, in its favor, a check was ordered to be sent, accompanied by the following resolution:

was ordered to be sent, accompanied by the following resolution:

Resolved, That the Executive Committee of the Pedestal Fund Art Loan Exhibition, in remitting the amount of \$2.304 75 to the Council of the Academy of Design, pay \$210 35 of this amount under protest for the following reasons: That although the lease of the Academy to the committee for exhibition purposes only expired Sunday night, December 30, yet its further occupancy of two days did not interfere in any way with any incoming exhibition, entailed no further expense to the Academy, and was fully covered in equity by the additional time allowed the Barthold! Committee to vacate the building.

Resolved, That the action of the Academy Council in insisting on the payment of this amount is, therefore, in the opinion of this committee, unjust, ungenerous, and in view of the object for which the exhibition was held, is unworthy of a body holding the position of the National Academy of Design.

TWENTY YEARS FOR MANSIAUGHTER.

Michael Tobin, who was recently convicted of manslanghter in the first degree in killing Thomas F. Lindsay, his fellow-barkeeper, in P. Serraty's liquor store at Third-st, and Sixth-ave., was seatenced yesterday by Judge Cowing to twenty years in the State Prison. In moving for sentence, Assistant District-Attorney Fellows said that Tobin had succeeded in getting some of the witnesses out of the way, and althoughmuch time and money had been spent in the search, the prosecution had not succeeded in finding the witnesses who might have convicted Tobia of murder. Tobin was given an opportunity before trial of pleading guilty of manslaughter with a seven years' sentence, but refused to plead. TWENTY YEARS FOR MANSLAUGHTER.

THE SUNDAY TRIBUNE. THE LEADING PAPER. 3 CENTS A COPY, AND WORT

THE SUNDAY TRIBUNE is indispensable to those who wish a paper overflowing with the best of the gossip and local news of the metropolis, a fine variety of dispatches and news letters from American correspondents in Europe, and résumés by telegraph of the latest news in every part of the United States

literary reviews, and other entertaining matter. The SUNDAY TRIBUNE is Never Less Than a Triple Sheet,

And is having a steady and brilliant advance in circulation. The latest comer into the field of leading Sunday papers, it is now in the front rank, and gaining all the while. To-morrow's Pulpit Sketch will describe the Rev. Dr. Edward McGlynn, of St. Stephen's Catholic

Church, Twenty-eighth-st. The story by W. Clark Russell proves continuously interesting. The earlier chapters are supplied

THE DAILY TRIBUNE

Is the leading New-York paper-complete in news, strong and sound in comment, pure in tone, large and legible in print-spending money lavishly for news, and for brains to handle it. It is always on the side of morality. It warmly sympathizes with every practical effort to restrict the traffic in intoxicating liquors. It always favors the cause of honest labor; and in the interest of the American Workingman supports a Protective Tariff. It has no interest, for or against corporations, to hinder its taking a just and fair course, best for all the people, and the whole country. It is the organ of no person or faction,

is under no control save that of its Editor, and knows no obligation save that to the public. For Sale on Every News Stand.

ABSOLUTELY PURE.
